BABY SEHADA and his mother
SEHADA ሰፕዳ

Sehada's Family would benefit from a Family Sponsorship

Partner in seeing hope embraced.

Your partnership would make a difference for Sehada and her daughter. Until coming into the project, Sehada has been begging to try to find support for herself and her 2 month old baby who has still not been named because of her age and local customs concerning the timing of naming children.

The \$136 per month will provide day care, nutrition, hygiene, healthcare and housing for the family, while also freeing Sehada to work. Together we can partner with her in seeing hope embraced in all of life.

Background:

Sex: Male

Baby's DOB:08/18/2012 or by the Ethiopian calendar 12 Neuhase 2004.

Baby is 2 months old.

Sehada is 21 years old. She attended school through the 8th Grade. While she has more education than many of the mothers that we work with, she still is left with very limited opportunities.

She is living with friends in a place known locally as Apartama where there are cement block, very small 1 room apartments. It is a crowded environment.

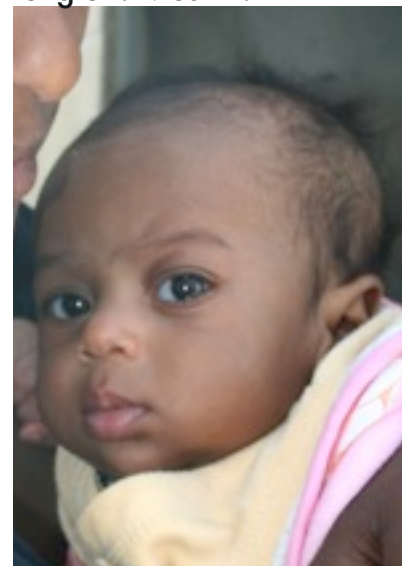

Shitaye became pregnant through a tragic event. The father who was a guard on a workplace where she was

working is not interested in taking responsibility.

Sehada came to us pleading to please let her into the project because she was afraid that her baby would not survive.

Sehada is originally from Dessie in the Amhara Region of Northern Ethiopia.

Religion: Muslim.
