Together we can help Ethiopian children & adults grow in literacy

We are developing a Reading Room & Literacy Center in our Day Care in the Kore' slum of Addis Ababa, Ethiopia as a resource for the community as well as the Moms & Children we serve daily.

- With over 80% of the Moms we partner with unable to read and write, we see a need to help them learn in order to break the poverty cycle.
- With childhood reading having such a profound effect on brain development as well as the desire to read and learn later in life, we see the need for resources to be available for children to be read to as well as to learn to read for themselves. In the area there is a lack of books available to make this happen.
- We will have books available for children, as well as ongoing literacy training for the 60 Moms we serve as well as others in the community.
- Check out our wishlist on Amazon for book titles we are looking for. Email us for the link.

How you can help.

(We are looking for donations for the following)

Books - Especially Early Childhood readers, but also readers up through Grade 4. Can be used in good condition or can be ordered and shipped to us with free shipping through Better World Books. See our list of books needed soon at

www.EmbracingHopeEthiopia.com
